## ReadMe

### Scripts Collection

This repository contains a collection of scripts that can be used to manage and monitor Azure tenants, subscription and resources.

The scripts are organized into different categories such as AzurePolicy, Consumption, CostOptimization, Governance, Inventory, Misc, Monitoring, O365\_M365, and Quota.

### Table of Contents

- [AzurePolicy](#)
- [Consumption](#)
- [CostOptimization](#)
- [Governance](#)
- [Inventory](#)
- [Misc](#)
- [Monitoring](#)
- [O365\\_M365](#)
- [Quota](#)
- [Usage](#)

### Folders

- **AzurePolicy**
  - This folder contains scripts for managing Azure policies.
- **Consumption**
  - This folder contains scripts for monitoring Azure consumption.
- **CostOptimization**
  - This folder contains scripts for optimizing Azure costs.
- **Governance**
  - This folder contains scripts for managing Azure governance.
- **Inventory**
  - This folder contains scripts for managing Azure inventory.
- **Misc**
  - This folder contains miscellaneous scripts.
- **Monitoring**
  - This folder contains scripts for monitoring Azure resources.
- **O365\_M365**
  - This folder contains scripts for managing Office 365 and Microsoft 365.
- **Quota**
  - This folder contains scripts for checking Azure quotas.
- **Usage**
  - To use these scripts, simply clone the repository and run the scripts using PowerShell or the Azure Cloud Shell. Please refer to the individual script's readme file for more information on how to use the script.
- **Contributing**
  - Contributions are welcome! If you have a script you'd like to add to this repository, please open a pull request.
